

La borrasca de las Islas Británicas se aleja hacia el N.E. restableciéndose el equilibrio atmosférico en nuestra Península. El tiempo es en general bueno, aunque se registran tormentas en algunas comarcas; los vientos soplan bonancibles de dirección variable. La temperatura máxima de ayer fue de 37° en Murcia y la mínima de hoy ha sido de 7° en León.

Las mayores presiones residen por el Atlántico entre las Azores y Galicia.

Tiempo probable.
