

ESTADO GENERAL

Al N. de Sicilia hay un minimo: otro tiende a formarse en el golfo de León o sus inmediaciones. El tiempo es bueno en toda la Península, menos en Galicia donde llueve algo. El barómetro baja con bastante rapidez y el núcleo de fuertes presiones que ocupaba todo el N. W. de la Península ha caminado hacia el S. W. y se halla hoy al S. de las Azores. Baja un poco la temperatura.
